Shred Ready, Inc is an independent manufacturer and helmet design company located in Auburn, Alabama. Founded in 1997 in a spare bedroom and garage it has since grown to worldwide distribution.

Shred Ready has been at the forefront of water and snow helmet design with such features as; brims on helmets, the HOG 1.0, 2.0 and HOT occipital locks, custom graphics, and the first US helmet to receive CE 1385 certification. Self made and self paid, Shred Ready continues its dedication to local, regional, national, and international events and athletes. Shred Ready manufactures a mix of injected molded and carbon/Kevlar composite helmets for water and snow sports and our lifestyle apparel.
